10 AI Prompts

Every Small Town Business and Small Town Can Use This Week

Simple AI help for Small Towns.

For Small Businesses

1 Create a 7-Day Social Plan
Create a 7-day social media plan for my business, including post ideas, captions, photo ideas, and calls to action.

2 Write a Google Business Post
Write a short Google Business Profile post promoting my offer, event, or new product in a friendly local tone.

3 Turn One Product Into 5 Posts
Take one product or service and turn it into five different social media posts: fun, educational, customer-focused, behind-the-scenes, and sales-focused.

4 Respond to Customer Reviews
Write warm, professional replies to positive, neutral, and negative customer reviews.

5 Create a Simple Email Newsletter
Write a short email newsletter with a subject line, intro, main message, and call to action for this week's update.

For Small Towns

6 Promote a Local Event
Create a 7-day promotion plan for our town event, including social posts, email copy, and reminder messages.

7 Write a Shop-Local Campaign
Create a short shop-local campaign with slogan ideas, post captions, and ways to encourage residents to support local businesses.

8 Highlight a Local Business
Write a short business spotlight featuring a local business owner, what makes the business special, and why people should visit.

9 Create a Tourism Pitch
Write a visitor-friendly description of our town that highlights attractions, downtown charm, and why it is worth the drive.

10 Draft a Community Newsletter
Write a simple newsletter update for residents and visitors with town news, upcoming events, and business highlights.

Quick Tip: Always add your local personality, real details, and community voice before posting.
